

Work Health and Safety

Australian Business Lawyers & Advisors (ABLA) works with employers and Government Agencies to manage work health and safety (WHS) issues. Our team knows the importance of comprehensive systems to ensure that employers are meeting WHS obligations. From developing tailored systems to providing a rapid and thorough response following an incident, ABLA focuses on producing the best outcome for your business. ABLA can offer you:

WHS Management System Reviews

- Compliance audit on policies and procedures
- Developing and implementing risk minimisation strategies
- Post-incident strategic review

WHS Investigations and Incident Management

Conducting and assisting investigations from complaints, safety incidents or fatalities

- Scope analysis – what needs investigating
- Interviews – independent and insightful
- Evidence – gather, review and assess
- Analyse – identify missing pieces
- Report – concise findings and recommendations
- Review – HR processes
- Acting – representing businesses in prosecutions, litigation or coronial inquests

Stakeholder Management and Advice

- Business to business dealings - consultation requirements and liability issues
- Union access and pacification
- Media management
- Insurance interaction/ coverage
- Injured worker management/ support

Workplace Health and Safety Training

- In-house training for all personnel in WHS
- Director/ Management coaching and training programs

Working with ABLA will provide peace of mind that risk is minimised, and if something goes wrong, it will be managed efficiently for your business strategy.

Call today for a complimentary 30 minute workplace health and safety consultation and let the experts make things simple for your business.
